

REMARKS

Claims 2-9 and 11-15 remain pending in the application, claims 1, 10 and 16-77 being canceled.

Allowable Claims

The Applicant again thanks the Examiner for the indication that claims 8, 12 and 15 would be allowable if rewritten to overcome 35 USC 112, second paragraph rejections.

Specification

In the Office Action, the specification was objected to for allegedly not disclosing use of multiple sources without reflections and multiple sources each with reflections applied together as one entity. Relevant claims are amended herein to recite a plurality of positions comprising any one of multiple sources without reflections, and multiple sources each with reflections.

It is respectfully requested that the objection be withdrawn.

Claims 2-8, 9, 11-15, 21, 23 and 25 under 35 USC 112, second paragraph

Claims 2-8, 9, 11-15, 21, 23 and 25 were rejected under 35 USC 112, second paragraph, as allegedly being indefinite.

Claims 21, 23 and 25 are canceled herein, thereby mooting the rejection in that regard.

With respect to claims 2-8, the antecedent basis issue identified by the Examiner is corrected by amendment made herein to claim 8.

Claims 9-15 are amended herein to recite more clearly that the input is adapted to receive a plurality of positions, the plurality of positions comprising any one of multiple sources without reflections, and multiple sources each with reflections.

It is respectfully submitted that claims 2-8, 9 and 11-15 are in full conformance with 35 USC 112. It is respectfully requested that the rejection be withdrawn.

Claims 9, 13 and 14 over Chen

Claims 9, 13 and 14 were rejected under 35 USC 102(b) as allegedly being anticipated by U.S. Pat. No. 5,500,900 to Chen et al. ("Chen").

Attached hereto is a **Terminal Disclaimer** disclaiming the terminal portion of a patent issuing hereon beyond the statutory limit of U.S. Pat. No. 5,500,900 to Chen.

Accordingly, in light of the TERMINAL DISCLAIMER, Chen is not available as prior art against claims of the present application. It is therefore respectfully requested that the rejection be withdrawn.

Claims 21, 23 and 25 over Begault

Claims 21, 23 and 25 were rejected under 35 USC 103(a) as allegedly being anticipated by U.S. Pat. No. 5,438,623 to Begault ("Begault"). Claims 21, 23 and 25 are canceled herein, thereby mooting the rejection in that regard. It is respectfully requested that the rejection be withdrawn.

Conclusion

All objections and rejections having been addressed, it is respectfully submitted that the subject application is in condition for allowance and a Notice to that effect is earnestly solicited.

Respectfully submitted,

William H. Bollman
